The Hardware People.

Both the Canadian Northern and C. P. R. Coming to Red Deer.

Routes for Lines Proposed to be Built in the West by Three Big Companies.

Ottawa, June 26.—Hon. Geo. P. Graham, minister of railways, has now signed the route maps of railway extensions in Alberta, to which he gave his verbal approval a week ago, and the following details are now available. The routes approved are: Canadian Pacific, line from Langdon to a point forty-five miles north, and then to a point on their own line between Penhold and Red Deer; and of Canadian Northern from Strathcona southwest, crossing the Calgary & Edmonton line just north of Red Deer, passing near the same and south to Calgary; and also of the G.T.P. from Riley on the main line southerly to near Pound Hill, through Camrose, passing near but west of Content and close to Three Hills, and south to Calgary. The Canadian Northern route map through Camrose was withdrawn.

Grandview Avenue Improvement.

Work has been proceeding during the past week in charge of Mr. Ira Brisbin on the hill and bridge leading to this avenue from the Mann street hill. The following property owners have assisted by cash and work: C. W. Parke \$10; Ira Brisbin \$5.00; C. J. B. Ward \$5.00; E. R. Hill \$10.00; W. H. Hill \$5.00; E. Graves \$5.00; F. Krause \$5.00; W. Hoskins \$5.00; A. E. Hadley work; E. Michener a man and timber and the Local Improvement Council a promise to pay for work to the amount of \$50.00.

Rev. Allen C. Farrel of Medicine Hat, Weds Miss Bessie Lingham.

Toronto, June 22.—An event of special interest to graduates of the Victoria college to day was the wedding of Bessie A. Lingham, class '04, to Rev. Allen C. Farrel, class '01. The former is well known in Y. W. C. A. work in Montreal, Toronto and at Detroit, while the latter is Methodist Minister at Medicine Hat, Alta. The ceremony was at the bride's home, 445 Markham St. The marriage was solemnized by Rev. J. L. Stewart, Ch. of Deacons, a class mate of the groom.

Old Timers' Association.

A meeting of old timers was called for Saturday afternoon last in the Oddfellows' hall. There was a fair attendance of old residents who were all willing to organize an association in Red Deer. J. J. Gaetz was moved to the chair, and W. J. McLean was appointed to act as secretary pro tem. It was decided on motion of S. Wilson and Jas. Beatty to organize an old timers' association, and that the name be Waskasoo, which stands for Red Deer in Indian. All persons here in 1892 or earlier are eligible for membership in the association. Moved by Capt. Cottingham, seconded by S. Wilson, that the officers be a president, vice president, secretary-treasurer and an executive of four. Carried. The following officers were elected: President, James Beatty; vice president, S. M. Bannerman; sec.-treas., J. A. Carswell. It was decided after some discussion, on motion of J. J. Gaetz, to lay over the election of the executive to the next meeting, which shall be at the call of the president.

The following names were enrolled as the charter members of Waskasoo Old Timers' Association of Red Deer: Jas. Beatty, S. N. Bannerman, S. Wilson, Capt. Cottingham, J. J. Gaetz, J. A. Carswell, B. P. Alford, Thos. Ferguson, Thos. Gaetz, W. Beckley. A vote of thanks was tendered E. Michener for use of hall, and the meeting adjourned to call of the president.

H. J. Snell has just received a new stock of hand painted china.

Dominion Day !!

EVERYTHING NOW COMPLETE FOR A BIG DAY'S SPORT.

The committees have been hard at work completing arrangements for the grand day special attractions to-morrow.

The five mile marathon will start from the Bank of Commerce at 10.30 a.m., and the course will be south to Eccles, along Eccles to McKenzie, along McKenzie to Douglas, along Douglas to Gaetz, and along Gaetz to starting point. It will be necessary to run this course four times to make the five miles. Everybody should see it.

The Citizens' Band will meet the trains and greet the visitors. Baseball team from Wetaskiwin will be here.

Edmonton lacrosse club will be here. Trap shooters will be here from Water Glen, Olde, Wetaskiwin, Calgary and other places, and the

matches will be keenly contested. The final football match for the Michener cup will be played between the Town and Firemen clubs.

The Cadet Corps fancy drill will be quite a feature. The Firemen will put up some good races.

The Athletic events will be keenly contested. The horse races promise some first class sport.

The Citizens' Band will be on hand. Come along and have a share in the fun, as there will be stacks of it at the exhibition grounds to-morrow.

Remember the garden party at night on the beautiful grounds of H. H. Gaetz.

Kennilworth Lodge No. 29, A. F. & A. M. Install Officers

Thursday evening last J. T. MacDonald, Grand Master of Alberta, visited Kennilworth Lodge No. 29, A. F. & A. M. and installed the officers. He was assisted in the impressive ceremony by P. Pidgeon, D. D. G. M. and Past master Dr. J. Collison. The following officers were installed:

W. M. Bro. W. J. Botterill.
S. W. " H. B. Hill.
J. W. " W. L. Gibson.
Treas. " J. H. Menzies.
Sec. " W. T. Cootie.
Chap. " G. W. Greene.
S. D. " H. H. Hummer.
J. D. " Geo. Rohmer.
S. S. " Jno. Malcolm.
J. S. " K. M. Byers.
I. G. " W. Logan.
Tyler " H. A. Lawson.

After the installation the Grand Master and members of the lodge and visiting brethren were entertained at a little informal banquet in the reception room at which short addresses were given. The Grand Master gave an eloquent address on the work of the order.

By-Laws Carried.

The two money by-laws voted on by the ratepayers Thursday last were carried by large majorities. They were: for sidewalk construction and street grading \$1500, and for construction of town offices and police station \$3000. The vote stood for the first 44 for and 8 against, and for the second 46 for and 6 against. There was no excitement, as practically the entire community favored the passing of the by-laws.

The Late Mrs. A. H. Trimble.

We regret to report the death of Mrs. A. H. Trimble who passed away at the General Hospital yesterday morning at 8 o'clock. Owing to several complications it was necessary for deceased to pass through two serious operations on Tuesday evening of last week, but owing to her weak frame she was unable to stand the strain and death put an end to her suffering.

Deceased was fifty years old and leaves besides a sorrowing husband a family of boys and girls. She was well known in the community in which she resided as a humble servant of the Master gentle and beloved by all who knew her and she will be missed by all. She was a devout member of the Methodist church and her good works follow her.

The funeral will take place to-day from the family residence, Clearview, at 1.30 o'clock for Mount Pleasant Cemetery, Rev. R. Allen conducting the services. The bereaved husband and family have the sympathy of all in their great sorrow.

The Garden Party.

Owing to wet weather, the garden party advertised by the ladies of St. Luke's Guild was postponed from Friday to last Monday evening, Mr. and Mrs. Hey kindly lending their house and grounds for the occasion. Like all postponed entertainments there was not so large a crowd as expected, but there was a nice attendance. The air was decidedly chilly which prevented some from coming. The Citizens' Band was in attendance, and a fine program of music was rendered in the house. The proceeds, it is expected, will be considerably over one hundred dollars.

CAUSE FOR CONGRATULATION.

The rate of taxation struck by the Council was an agreeable surprise to the ratepayers at large. Not only has Mayor Botterill and the Council fulfilled their promises to reduce taxation but they have the satisfaction of seeing the rate reduced four mills on the dollar which is most gratifying, as those who have had municipal experience know how hard it is to reduce and how easy it is to raise the rates.

Considerable of the honor for this excellent state of affairs is due to A. T. Stephenson, Town Clerk, who has left no stone unturned in the interest of the town and has obtained a grasp of municipal work for which he deserves the highest praise. It would be a neat token of recognition of his valuable services for the Council to give him a couple of weeks' vacation. He deserves it.

THEN AND NOW.

No better illustration could be given of the way the people's money is squandered by the extravagant ministers at Ottawa than in the Department of Militia and Defence.

The number of Canadian militia who will be ordered out for training this year will be ten per cent below recent average. The total number will be 20,826, consisting of 1,774 officers, 4,225 non-commissioned officers, and 14,827 men. A larger number than this used to train annually when the money expended on the militia was only about one fourth what it is at present.

The fact of the matter is that funds of the department are used for froth and European trips and gold lace functions among the high officials and the rank and file are lost sight of entirely.

In Alberta several regiments of the best mounted troops that ever breathed could have been organized this year, but the department absolutely could not afford it.

But in our humble opinion re-entrenchment begins at the wrong end.

Now that the Advocate has expressed its opposition to any religious teaching in the schools, the great conferences and synods struggling with this end in view may as well give up in despair.

The Edmonton Saturday News says:

Sir Frederick Borden so we are told in a dispatch from Ottawa, has given his solicitors instructions to take proceedings without delay against Rev. John Pringle for the attack recently made upon him at the Presbyterian General Assembly. The public will take careful note of what happens. Sir Frederick cannot move a bit too fast in the matter for his own or the country's good. Unless he can speedily rehabilitate himself he should retire or be forced to retire from a cabinet to which he has never been a source of strength.

THE AGRICULTURAL COLLEGE.

A great deal of discussion is just now taking place in the provincial press regarding the Agricultural College. Letters are being published by long winded writers who no doubt feel they control the government and articles are appearing advocating this or that place, as the best location, and claiming the plums

should be distributed evenly.

Senator Talbot writes a long letter to the Advocate and also to other papers in which he attempts to show the Agricultural College would be better apart from the University. His arguments are not convincing. We believe just as good work could be done by the Agricultural College at Strathcona as at Lacombe. Senator Talbot would be given more consideration if the general public was not imbued with the idea that he is working for personal motives.

No sooner does he get the experimental farm, which greatly enhances the value of his real estate, than he starts after the Agricultural College.

If there is a constituency entitled to consideration, that of Medicine Hat, which so nobly responded to the call of the Minister of Agriculture easily comes first, yet we do not hear of the minister kicking up a row because the Agricultural College does not go to his constituency.

The fact of the matter is the Ministers should place the College where they think it will do the most good irrespective of what is said by plum hunters in the different districts of the province.

Council Meeting.

The regular Council meeting was held Friday evening with his worship the Mayor, the chair, and Councillors McKee, T. A. Gaetz, Hill, Tallman, Pidgeon and H. H. Gaetz in attendance.

COMMUNICATIONS.

T. F. Ellis requested that the crossing in front of the Arlington be not removed. Left to discretion of Commissioners.

The London Guarantee Company wrote asking for amount of Fulmer shortage.

Secretary J. A. Carswell of the U.F.A. forwarded motion re. weight scales from said association.

The Council saw nothing wrong in the request of the Farmers' Association, and the Secretary will reply.

A number of communications re. debentures were read.

The clerk of High River asked for information re. Fire Department. Information given.

H. Moore, fire chief, submitted what he considered a good fire alarm system at a moderate cost under \$350.

The clerk of Vermilion asked for copy of by-law regulating licenses to real estate and local insurance agents. Filed.

The clerk of North Battleford asked for information re. concrete sewer pipes. The clerk replied the concrete pipes were giving satisfaction.

McMahon & Helliwell, financial agents, Calgary, asked for information re. debentures.

Cragg & McIntyre Bros. of Edmonton, asked for information regarding license for merry-go-round.

The Canadian Fire Engine Co. wrote the new fire apparatus would be shipped the end of the month.

The Town solicitors asked the Council to pay a small account rendered the Red Deer Lumber & Brick Co., which the said company disputed.

good order, we will have a voucher prepared for the balance due the Canadian Pipe Co. and submit it next meeting.

We instructed Chief Rothnie to ascertain if the breed by-law was being observed, and he reported that it was not. We have written the baker asking what he intends to do in the matter, and stating that we intend to enforce the by-law.

The Health Inspector has notified several persons on Ross Ave. to not deposit any more garbage behind their premises. As the sewer is laid along the front of their property they will be compelled to connect with the sewer.

We have arranged with C. K. Wright to use the police station for July for \$15.

The sewer has been completed on Douglas street, except for some back filling. Mr. Neville has arranged for the use of the grader on favorable terms, viz.: The Town is to pay \$5.00 per day for the time it is used and to expend the money in fixing up the road at the east end of Mann street at foot of hill. Work has been commenced on McLeod St. and that street will be completed in less than a week at present rate of progress.

We have arranged with Chief Meeres to attend to necessary police duties while Chief Rothnie is on leave. We have also had J. Halstead sworn in as special constable, and have sanctioned him to arrest anyone damaging the park or boulevard. We recommend that Chief Meeres be granted leave of absence to attend the Firemen's convention at Edmonton on 29th and 30th, and that his expenses be paid by the Town.

We submit herewith list of accounts for your consideration. The Council met in committee yesterday, 24th inst., at 5 p.m. to open the tenders for the office buildings. Tenders were as follows:

McKee & Cruickshank \$2569.00
H. Clarke 2652.50

The tender of McKee & Cruickshank was accepted, being the lowest by \$88.50.

We recommend that tenders be called for for the \$3000 and \$1500 debentures to be issued until noon, Aug. 1st, and that they be advertised in The Monetary Times.

We submit for your consideration the following by-laws:
To repeal by-law No. 15.
To levy rates for 1909.
To provide for discount on 1909 taxes.

We recommend that we be authorized to order the necessary pipe and material for the water-works extension to Parkvale.

BY-LAWS.
By-law 15 was repealed on motion of Councillor Pidgeon.

The money by-law was not finally passed, but was referred back to the solicitors for a re-draft on motion of Councillor H. H. Gaetz.

Councillor Pidgeon and Hill moved that the contract for the erection of the addition to the Fire Hall for Town offices and police station be awarded to McKee & Cruickshank at the contract price of \$2569, and that the solicitors be instructed to prepare a contract. The motion carried.

Councillor H. H. Gaetz desired to know if anything new had been developed on the dog question. He thought dogs should be turned loose so soon as all danger from rabies was over.

Mayor Botterill contended it was enough to make a dog mad to keep it tied up such a long time. He exercised his dog regularly.

Councillor Tallman drew attention to a dead cat in the creek bottom south of town.

The secretary said it had been covered with ashes.

Council adjourned at 10 o'clock.

Moving Pictures of the Great Pageant.

A plan has been hit upon whereby it has been made possible for every district in Alberta to receive the very best kind of advertising throughout the world, as a result of the Alberta Provincial Exhibition in Calgary, between July 5th and 10th. Arrangements have been made to have films taken for moving pictures of the great historical pageant to be held on the morning of July 5th, the opening day of the fair. These moving pictures will be exhibited first at Seattle during the Alaska-Yukon

Pacific Exposition, and afterwards used in connection with a lecturing tour through all the principal countries of the world. Every section of Alberta represented in the monster parade will be means of those moving pictures introduce itself to millions of people on the five principal continents. Any town, community or district in the west wishing suggestions as to the most appropriate way to proceed in order to receive the greatest possible measure of publicity in the pageant pictures, would do well to instruct some one appointed for the purpose, to write H.B. Wilson, secretary of the Pageant Committee, Calgary.

Horn Hill Annual Picnic.

Football and Other Sports Galore.

The Best Annual Celebration Yet Held.

The youth and beauty of the Horn Hill district together with just the ordinary looking old timers, and many visitors from Pine Lake, Edwail, Penhold, Clearview, Willowdale, Springvale and Red Deer assembled on the beautiful and commodious grounds of Geo. Domoney on Saturday June 17th, to take part in the annual picnic of the football club and citizens generally of Horn Hill.

Among those present from Red Deer were R. L. Gaetz, A. Forrester, Alderman H. Hill, I. Hamley, Principal McLean, H. W. Wright and G. Smith of the Imperial Bank, E. R. D. Porter and J. La France of the Merchants Bank, Gordon Sproule, Art. Carswell, W. Krause and a number of the football team.

There was probably the largest crowd that has ever assembled at a picnic in this district and the entire afternoon was bristling with football games and athletic sports. There was a stand on the grounds under the charge of W. Wilson of D. G. Horn's store where fruits, ice cream and other amusements could be procured and the stand was pretty well cleared out by night.

Among the good old clans present were the Pyses, Parcells, Greenings, Domoneys, Carswells, Parkers, Dixons, Oldfords, Richards, McKinnons, Wades, Towers, Trimble, Quintons, Inglis, Speakmans, Vincents, Leatheds, Wells, Stewarts, Whites, Eastmans and many others.

The first football match was between Horn Hill Juniors and Clearview Juniors and resulted in a win for Clearview boys after a hot contest by 1-0.

The line up for Horn Hill was goal Ralph Smith, Tom Leathed, C. Quinton, Jim Leathed, Jim Carswell, Reg. Domoney, P. Brown, Willie Richards, John Leathed, C. Parker, Perry Domoney.

The Clearview players were goal Caswell, C. Michener, Smith G. Jorgensen, McKinnon, Kidner K. Trimble, White, Halliburton and S. Jorgensen.

The second game was between Horn Hill and Red Deer School team and Horn Hill was victorious by 3-0.

The third game was most exciting and again resulted in a victory for Horn Hill team against the world by 3-0.

A number of the little folk ran races, but they were so fast no one was able to keep track of them.

In the race for girls under 14 G. Greening was 1st, E. McKinnon 2nd, C. Pye 3rd, I. Trimble 4th.

Boys under 16: 1st, Reg. Domoney; 2nd, C. Parker; 3rd, J. Leathed; 4th, L. Greening.

Girls under 16: 1st, G. Greening; 2nd, E. McKinnon.

Ladies' race: 1st, Jennie Deas; 2nd, G. Saint; 3rd, Bell Pye.

Old Farmers' race: 1st, E. Carswell; 2nd, J. Richards; 3rd, T. Wells. Chris White, J. A. Carswell, Bob Leathed and T. Eastman also entered this race.

Chris White claimed Tom Wells fell down and caught him by the leg and prevented him from winning. He said he could carry Tom on his back and beat anybody in the bunch except the News man, but he couldn't carry Tom on his feet. A protest was entered which will be decided next year.

Partners race: 1st, Leonard Domoney and Jennie Deas; 2nd, W. Parcells and E. Parcells; 3rd, P. Cox and Bell Pye.

Red Deer's Municipal Government.

CALGARY ALBERTA EXTENDS WORDS OF PRAISE.

Red Deer June 17.—The citizens of Red Deer have developed the commission idea of municipal administration to an exceptionally high point of perfection and claim to have been the first community in Alberta to have adopted the system. What ever may be said against government by commission in other towns and cities it has certainly proved a great success in Red Deer.

The administrative affairs of the town are conducted by a commission, composed of the Mayor and secretary treasurer, the former of whom is paid \$500 per year and the latter \$1,200 for looking after the town's public business. They meet for an hour or more every morning to consider business etc. A complete report of these daily meetings is kept and type written in a book for the purpose so that in a year from now or twenty years from now the daily records of work done can be referred to. A fortnightly report consisting of a condensation of these daily records is laid before the council for consideration or approval.

The heads of every department in connection with the town's work are required to make a daily report to the commissioners and these reports are carefully filed away for future reference. No employee is authorized to purchase even the smallest article for the use of the town except on a written order of the secretary treasurer.

The commissioners have power to make petty expenditures on their own authority, but in no case can an expenditure of more than \$50 on an individual account be made without first being submitted to the Council.

There are no committees in connection with the council except the board of health and as a consequence in the preparation of the yearly estimates there is no pulling of a chairman of committees for larger grants at the expense of other departments.

There is absolutely no secrecy in connection with either the meetings of the commissioners or the session of the council. Everything is open and the press receives written notices of all regular and special meetings, the same as the aldermen.

Every account against the city, after being checked over by the commissioners is presented to the Council so that every alderman has a chance of knowing the details of every expenditure incurred on behalf of the town.

I never saw a more systematic set of municipal books and accounts than those of Red Deer, and they are a credit to the town and to the manner in which the Secretary Treasurer, Mr. A. T. Stephenson, performs his duties. The financial standing of the town, through careful and economical municipal management has received especially favorable comment from financial men who have examined into these matters.

The total assessment of taxable property for the year 1900 is \$1,832,730 an increase of \$228,945 over that of 1908. The assessment of Red Deer school district, which includes the town and a small part of the country surrounding it, is \$1,254,040, an increase of \$223,020 for the year. The assessment is based on the basis of full cash value of land and two thirds value of improvements and personal property.

Although a large amount of public improvements has been made in the town of Red Deer in the line of installation and extension of a complete water system, sewer system, town hall, fire equipment, sidewalks, construction etc., the total debenture indebtedness of the town is only \$108,740, the net of debenture indebtedness being only \$53,892.12. As an example of the high financial standing of the town the following instance may be quoted. In March last, the council authorized tenders for them, ranging from \$10,000 to \$22,000 or a premium of \$11,514. The successful tender, that of Wood, Gundy & Co., works out an interest of 4.88 per cent which is the lowest of any town in Alberta.

The Council as at present composed consists of W. J. Bortolotti Mayor; Aldermen H. H. Gaetz, P. Pidgeon, F. H. Tallman, T. A. Gaetz, S. E. McKee, and H. B. Hill. Greene & Payne are the town solicitors; H. G. H. Neville Town Engineer; and A. T. Stephenson performs the clerical duties of secretary treasurer, assessor and collector for the town, with one assistant, besides acting as one of the commissioners. It would be a difficult matter to find another community of 2,300 or 3,500 people so well served with up-to-date public utilities.

The Red Deer bridge, equipped with a chemical engine, hose, hook and ladder truck, good team of horses, with paid chief and paid driver and handsome new brick fire hall, and with hydrants placed in convenient places through the town and with an excellent water pressure are able to cope with any ordinary fire.

The water supply from the Red Deer river was pronounced by Dr. Charlton bacteriologist, at Regina, to be "perfectly wholesome and absolutely pure."

A septic tank sewerage disposal plant is being installed this year through the kindness of Mr. H. H. Gaetz. I enjoyed one of the most pleasant drives along the wooded banks of the Red Deer river as far as the Indian Industrial school, that I have had in my trip. About a mile up the river is the old Red Deer crossing on the Edmonton trail at which the old Indian Edmonton stage stopped for the night and in the morning either forded the river in low water or was ferried across in high water. New log buildings which have since almost entirely disappeared, but which for years sheltered many a weary traveller, marked the spot. Far to the left of the location of the C. & E. Railway it was expected that this would be the site for the future town, but when the C. P. R. decided to cross at another point lower down the business places that had been opened up around the old historic stopping place were removed to the new town and the beautiful valley at the old crossing was left deserted.

The industrial school is situated about five miles from the town on a fine site we could be procured anywhere, overlooking the river and valley. Four hundred acres, of which 225 acres are under cultivation, are devoted to the purposes of the school and about 80 head of cattle are kept, thus making the school to a large extent self-sustaining. A grant is made by the Indian department and the school is under the supervision of the Methodist church, and is under the superintendency of Rev. A. B. Harner and a number of assistants and instructors in different lines. At the time of my visit, there was a complement of 28 boys and 10 girls, separate buildings for the accommodation of which are provided.

The curriculum is one-half day for school, the other half being given up to work on the farm or at any trade for the boys, while the girls are taught cooking, sewing or other domestic work. They appeared to be very happy and contented in their new life and environments and are eagerly looking forward to the midsummer vacation when they will be given a month's holiday to visit their parents and friends at home. The little Indian boys and girls are said to have an equal if not greater attachment to parental and home ties as those of a white color, but they scarcely ever fail to be at the appointed place when called when the teachers go to escort them back to school. It has by experience been found more advisable to allow the children to visit their friends at regular intervals in this manner than to have the parents visit them at the school.

I was informed that as a rule the children turn out very well after leaving the school, although some of life.

Red Deer is already a manufacturing place of some importance and offers inducements for the establishment of many others. The Great Western Lumber Co.'s Mill is operated at present day and night, the output averaging 50,000 feet every 24 hours; a lath plant has also recently started. The company expects to manufacture this season over 5,000,000 feet of lumber. The logs are principally spruce of a good quality obtained up the Red Deer river, where the company has extensive timber limits, the estimated amount of timber

through which the sewerage of the town will pass before passing into the river.

The electric lighting, electric power and telephone systems are under the control of the Western Electric Co., who a few years ago secured the valuable franchise from the municipality for 25 years. This company also operates a telephone line to Evans 25 miles west, with exchanges at Indian Industrial school, Burns Lake and Sylvan Lake. A government telephone line runs to Edwell and Pine Lake.

One of the best standards by which the business of the town can be judged is by its government postal returns. These are always considered to be absolutely honest and accurate, according to the annual report of the postmaster general for the year 1908, the total revenue of the Red Deer office was \$7,200.33, the highest of any town in Alberta. It is expected that the revenue for 1909 will show a large increase. Mr. H. H. Gaetz is the post master and the office is a model one in every respect.

The religious and educational facilities are on a par with the other institutions of the town. The new brick school building of eight rooms, erected in 1907, has an enrollment of about 325 pupils and in it all the branches of the school curriculum from the child's first entrance to school life up to matriculation to the University, are taught by competent teachers. The building was equipped with all the latest improvements in the way of heating, ventilation, fire protection, sewerage, assembly hall, ample play grounds, piano, etc.

The Red Deer agricultural school has splendid grounds, 20 acres in extent, good buildings, and one of the best of its kind in the province. No description of Red Deer would be complete without a reference to the Hospital erected in the year 1900-2, by the citizens as a monument to the memory of three of the best citizens of the town, Messrs. Charles Cruickshank, Angus Jenkins and Charles McNeill, who gave young men lives for British honor in the Boer war, and whose remains found a last home in the South African Republic. The building and twelve acres of ground cost \$15,000 and are on the site of a charmingly wooded hill about half a mile south-east of the centre of the town. It commands a magnificent view of the town, the river and the rolling prairie for miles, in every direction.

The hospital is fitted with all the most modern equipment for the comfort of the patients, and has a full staff of qualified nurses. Here the sick and injured employees of the C.P.R. from Oldman, Vetsikwin and on branches are cared for.

The pioneers of Red Deer with commendable foresight, looked ahead to the time when the town would develop into a large city with street cars, and in laying out the town plan had the principal streets surveyed 100 feet wide. The advantages of these wide streets are apparent every day and will be more so in the future as the town expands.

A new public building has been erected near the C. P. R. depot, and will be used for keeping surplus products of the district for exhibition to travellers passing through on the line and to visitors to the town. This charming little park, in the centre of which is a large fountain, is also among the first things that catch the eye of the traveller on reaching Red Deer.

Through the kindness of Mr. H. H. Gaetz, I enjoyed one of the most pleasant drives along the wooded banks of the Red Deer river as far as the Indian Industrial school, that I have had in my trip. The Red Deer Brick Co. last present manufacturing about 25,000 bricks per day and the estimate of the output for this season is about 3,000,000. The yards are located within the town limits and there is an almost unlimited amount of clay suited for the manufacture of a very superior quality of brick. The Piper brick yard has a capacity of about 20,000 per day. Both yards are in the hands of the latest modern brick making machinery and conveniences.

Among the new industries for which Red Deer offers splendid inducements the pulp and paper industry is one of the most important. A pulp and paper mill, a lathery mill, a saw and shingle factory. An unlimited supply of the best pulp wood is obtainable up the Red Deer and very rapid development of the west should make the industry a profitable one from the start. A good tenacity should also find a ready market for its output.

On every hand a visitor to Red Deer sees the name of Gaetz, reminding him of the founder of the town. There is Gaetz as Smith & Gaetz, Gaetz & Gaetz, H. H. Gaetz, merchant, postmaster and druggist; H. H. Gaetz, and the list of members of the town council. Board of trade, school board, agricultural society or any other organization having for its object the advancement of Red Deer would not be complete without one or more names of Gaetz. The family has always played an important part in the history of the town and district. Gaetz are an highly esteemed in the community as was their late father, who did so much by his life, work and example to develop the resources of the district and make them known to the outside world.

During my pleasant stay in Red Deer I was very hospitably treated by every one of the citizens with whom I came in contact, and I shall always bear pleasant memories of my first visit to this beautiful and thriving town.

Similarity of Canadian and American Governing Bodies.

A STUDY FOR AMERICANS.

Ottawa, May 24.—The Canadian West contains thousands of new Canadians who have entered it from the United States. These men are anxious to be good Canadians, and one of the things which they may find it difficult to understand is the Canadian as opposed to the American constitution. The existence of a Premier and of a Leader of the Opposition, for example, has no parallel in the American politics, and the two posts spring from deep-seated differences between the two methods of governing. Yet the two constitutions in some respects are alike, and it may prove useful to contrast the two in a series of letters.

The two constitutions are alike in one great respect. Both are Federal constitutions. The American Union is composed of a number of States, each with its Legislature. The American State has certain powers reserved to it, so that it is a Dominion Government in Canada. The Canadian constitution being the newer, it has profited by the American example; Sir John Macdonald, the great.

Conservative Statesman established the Canadian confederation on lines not unlike those on which Alexander Hamilton wished to establish the United States constitution. In the main the Dominion Parliament has greater powers than are entrusted to the American Congress. In some cases, however, the Canadian Provinces are better off than the American States; for example, the Eastern Provinces and British Columbia own their public lands, timber, minerals, etc., Manitoba, Saskatchewan and Alberta being the only Provinces whose public domain is managed from the Federal Capital; and it is well known that it is part of the Conservative policy to grant the public domain to these three prairie Provinces.

The Canadian and American constitutions are alike in this, that both are written. The British constitution is unwritten; some parts of it are to be found in old documents, such as the Great Charter signed by King John at Runnymede in 1215; odd parts of it are to be found in Acts of Parliament here and there; and there are parts of it, such as the cabinet system for which there is no vestige of law exists. The British constitution has grown exactly as the men who did the public business of the country found it convenient; and it still is growing. The American Constitution is written, and is ironclad; still, it has seen changes, such as the fact which the Civil War established, that no State can secede; and the doctrine of a President must not hold office for longer than eight years is a sort of unwritten development.

The Canadian constitution is midway between the British and the American in this respect. Like the American, it has a written framework which defines its federal part—tells what powers the Dominion shall have and what powers belong to the Provinces; but when we come to the actual way in which the Federal Parliament or the Provincial Legislature do their work, it is unwritten, like the British.

There are other resemblances, which we may describe, thus:—
1. The head of the Nation under our Canadian constitution is the Crown, represented by the Governor-General; the head of the Nation under the American constitution is the President.
2. Canada and the United States each has its Senate, or Upper House.
3. Canada and the United States each has its Lower House; in Canada it is called the House of Commons, in the United States it is called the House of Representatives.

Now that we have these great resemblances, we can notice some of the differences.

It may seem odd to Americans, but the fathers of the United States constitution intended their constitution to be exactly like the British constitution, with the hereditary monarchy and aristocracy out of it. As we have seen instead of a monarch, and an elective senate instead of a House of Lords, and the House of Commons they reproduced quite faithfully in the House of Representatives. They made one change, which to them probably seemed slight; but it made all the difference. They ordained that the President who were to keep the Chief Executive, the President, to do the business of the country, and to carry out the laws, should not sit in Congress. In England when the American constitution was made it had been the custom for some time for the King's Ministers, who managed the country's business much as American Cabinet Ministers do, to sit in Parliament. It is because of that apparently

insignificant change that the two constitutions are so unlike to-day, that Americans find it so hard to understand the working of Canadian politics. In England it was only by accident that the Cabinet Ministers came to sit in Parliament; had the accident gone the other way, had they been left out of Parliament, the British constitution would have developed into something very similar to that of the United States.

To explain this must be the work of another letter; in this we must only point out that the differences which have resulted:
1. In the United States a cabinet minister is not necessarily a particularly important politician; he is often rather a business man; he simply is someone who assists the President in his work of governing. In Canada a Cabinet Minister is an exceedingly important politician, one of the dozen or so leaders of his party. A United States Senator is far more important than an American Cabinet Minister; a Canadian Minister is far more important than a Canadian Senator.
2. The Chief Prime Minister in Canada, called the First Minister, Prime Minister, or Premier, is the head of the Government, and has more power than the President; he controls Parliament, and the Executive as well. There is no such office in the United States.

3. The head of the American Nation, the President, has immense power. The representative of the Crown in Canada, the Governor General, has very little actual power. He does not appoint the Ministers, he does not dismiss them, he does not control policy.

4. An American party under no circumstances ever has one leader and one only. A Canadian party is always under one leader; if the party is in power, the leader is the Premier; if it is out of power, he is the leader of the Opposition. The Republican leadership now is divided between President Taft, two or three Senators, and Speaker Cannon, while a number of State Republicans like Governor Hughes are very important and at any moment may become national leaders. The Democratic party at present have no recognized leader. Mr. R. L. Borden has been the sole and undisputed leader of the Conservative party since 1900; Sir Wilfrid Laurier has led the Liberal party for 22 years; Sir John Macdonald led the Conservative party for nearly 40 years.

The Canadian system has prevented the Boss from appearing. Any leaders whom we have are in our Legislatures.

These are only a few of the differences. The reason of them must be explained in another letter.

After the Dominion general elections we were told very freely that the Laurier Government would do some housecleaning, black sheep were to be "dealt with." It was admitted there had been extravagance and wrong doing, but one of the ways in which Laurier would finish his work was to remedy those evils. The first session of the new Parliament has come to an end. During it Sir Wilfrid Laurier cleaned house in the following manner:—

1. He stuck by Mr. Pugsley, when it was shown that that gentleman had so managed the Central Railway Company that \$134,099 of the public money could not be accounted for; and that while handling nearly a millions of the taxpayers' money he kept no books.
2. He stuck by Mr. Brodeur when the reports of the Cassel Commission has shown how utterly rotten was the Department which he had been managing for two years.
3. He stuck by the Newmarket Canal, a perfectly useless expenditure of \$1,000,000, to help Mr. Aylesworth win his election in North York.
4. He nominated as Speaker of the House of Commons Mr. Charles Maclellan, an amiable man, whose method of campaigning in his own constituency was to bribe the people with public works paid for by the whole of the people of Canada.

This is the way the housecleaning is going on.

During the election last October the building of the Hudson Bay Railway was a matter of great urgency. The Laurier Government was in a hurry to get at it. It managed to restrain its impetuosity until after election day; but it was a hard struggle to delay the work so long. Election day came, and the Laurier Government was returned to power. Somehow after that there seemed less hurry about the Hudson Bay Railway. The Session began and the Hudson Bay Railway was mentioned in the Speech from the Throne; but there was less urgency about it. The Session dragged through its four months and no word was said about the necessary railway. The Session was ended. Still no railway. Why?

Henry Whiteside Dead.

Old Timer Succumbs to Stroke of Paralysis.

Mr. Henry Whiteside, near Penhold, died early Sunday morning, June 30, at the age of 81 years. From the effects of a stroke of paralysis which had seized him on the preceding Friday. Mr. Whiteside retained his faculties and his speech up to the very last, and his last days, though very dark ones, were passed in patience and cheerfulness in the strong faith which had upheld him all through his life in his service to his God and his church. It was not a year ago that husband and family were called upon to mourn the loss of the beloved wife and mother, so that the double bereavement in so short a time will call for the general sympathy.

Mr. Whiteside was born at St. John, N. B., on May 10, 1838, and was married in 1861 to Miss Hannah L. Stone, of Dorchester, Mass. Mr. Whiteside for years carried on the furniture and carriage manufacturing business in Ottawa, Montreal and St. John, and came to Alberta in 1897, following the sons who had preceded him by some years. He has latterly made his home with his son, Councillor Walter Whiteside.

The family are Fred, of Nanaimo, B.C.; Walter, Penhold; Edwin and Frank, President of the Alberta Stock Growers' Association, both of Stettler; Mrs. H. F. Wynne, Innisfail; and Miss Kate, Dawson City.

Mr. Whiteside has been connected with the Methodist church since his boyhood and had always been a most valued and exemplary member. As he was known in his later years in the country, he was a most upright and conscientious man, of kindly and amiable qualities, and he will be much missed by the community in which he moved.

Deceased was a prominent Conservative for many years and was always active in campaign work during elections. He was much respected by the party and will be sadly missed.

Wants to Recover Old Burial Grounds.

John T. Moore, Red Deer Alberta, as owner of the equity of redemption in property in the township of York, has issued a writ against the trustees of the Toronto General Burying Ground.

The writ asks an accounting of what is due the defendants on a mortgage made by the plaintiff on Jan. 1st, 1899.

The writ also asks to be let in to redeem the mortgage, and to recover possession of the lands, and an injunction restraining the defendants from using the lands for burial purposes and from parting with the land.

Stray Stallions.

The undersigned gives notice that he has captured two stallions, one apparently two-years-old, black color, white star, no visible marks; the other one-year-old, light brown; while running at large contrary to the provisions of the entire animals' ordinance. The said stallions are detained on S. E. 1, Sec. 4-28, W. 4, and will be dealt with in due course of law according to law. The capture was made at 11 o'clock on Saturday, the 26th day of June, 1909, and this notice was posted up within eight hours thereafter.

A. GEHRKE, Red Deer P.O. June 8. 3w.

Horses Strayed.

From the premises of the undersigned, one roan mare, weight about 1100, branded A on right shoulder; a two-year-old roan filly, not branded; a grey gelding, weight about 1200, three years old, and a 3-year-old black gelding, white star in face and four white hind legs, and one white gelding. Wm. VANHORN, Evans P.D.

Notice.

If you want your garden worked up and a splendid place for planting, it pays to get a man that understands the job to do for you. The time is short now to have this work done, and as I have had a lot of experience in gardening and have the tools to do it with, and I am looking for this kind of work, I will guarantee a good job at a reasonable price. Send in your order to JOHN WILSON, Box 568, Red Deer.

I will have cabbage and cauliflower plants for sale in season, also rhubarb roots.

THE REGISTERED TROTTING STALLION

"ZOMVERT" 2 29 1/4

Was sired by the world renowned "Zombro," 2:11, the greatest show horse and sire of extreme speed that ever lived. Besides many other great ones he sired "Italia," 2:04, world's record for three-year-old gelding. Zomvert's claim to greatness rests not alone with his sire, as his 1st and 2nd dams were both great trotters and his 3rd dam was "Tecum," one of the twelve greatest mares that ever lived. Come to my barn and carefully study his tabulated pedigree, and you will be convinced he is a Prince, and son of a King. The Zombros have sold for thousands, where other good horses have brought only hundreds. Farmers, as well as others, look to your interests, and breed a mare or two from Zomvert while you wait for the present season he will stand for prices at my livery and feed barn on Alexander Street, Red Deer, Alta., at services within the reach of all.

The garden party Dominion Day should attract a large crowd.

F. W. Gresswell, of Leslieville, is spending a few days in town.

Miss Edith Beal, of Lindsay, Ont., is spending the summer with Mr. and Mrs. Dempsey.

Be on time at the lake by taking one of Snell's alarm clocks with you; these are guaranteed.

Alex McBlain, Jr., who was engaged on the bridge at Tabor, is sick in the hospital with typhoid.

Mrs. Etwell's friends will be pleased to hear she reached England on June 6th safe and sound. She reports wet weather in the old country.

Remember the garden party on the beautiful grounds of ex-mayor H. H. Gaetz, to-morrow evening, under the auspices of the Ladies Aid of the Methodist Church.

W. H. Millman, wholesale grocer broker, of Toronto, stopped over a day last week, on his way to the Seattle Exposition, to see his old friend Alderman F. H. Tallman.

F. S. Ford and wife, of Mitchell Ont., are the guests of Mr. and Mrs. Tallman. Mrs. Ford is Mr. Tallman's sister and they are on a trip to B. C. California, and the Seattle Exposition.

Services in the Presbyterian Church at Penhold will hereafter be held at 11 a. m. instead of 9 p. m. Rev. Mr. Gosling will conduct the services. Sabbath school will meet at 10 15 a. m.

Misses Klippert and Peterson left Monday for Ontario where they will spend their vacation. Miss Stephenson will visit in Des Moines, and the other teachers remain in Alberta for their holidays.

T. J. Davidson, of Markerville, has tendered his resignation as secretary treasurer of Local Improvement District No. 3, and E. S. Grimson, of Burnt Lake, has been appointed to the vacancy for the remainder of the year.

The Red Deer branch of the Natural History Society will give a prize for the best Natural History exhibit at the Red Deer Fall fair, open to the schools of the Red Deer inspectorate. Every school competing will receive a prize. Exchanges please copy.

R. R. Randall, manager of the Merchants Bank, and his wife, arrived in Red Deer on Monday's midday train, and they will be guests of J. H. Menzies until the arrival of their goods from the east. Mr. and Mrs. Randall will occupy the apartments over the Merchants Bank.

A friendly cricket match was played between Pine Lake and Red Deer Monday of last week; the score was too fierce for publication. A number of Red Deer's men were absent and they declined to play for the Jacobson cup. The total score was something like 68 to 91 with several wickets to spare.

A lacrosse match was played Thursday evening between the Lacombe Club and the home team and Red Deer was defeated by two goals to nothing. Several of the Red Deer players never had a stick in their hand before. We hope that the home club will now get to work and redeem their lost laurels. A northern lacrosse league has been formed with Edmonton, Lacombe and Red Deer as members and two fifty horse power boilers to have something to play for. We hope the town will give the club liberal support.

Miss Maude Carswell is home for the holidays.

John McVicar's bookstore for flags, fishing supplies and foot-balls.

H. P. Cosens, of Medicine Hat, is the guest of Mrs. Bell, Douglas street.

For sale cheap at Hewson's livery barn, Red Deer, team of goldings, medium weight; Bain wagon, hay rake and set double harness.

The Presbyterian congregation of Willowdale will hold a picnic at the farm of W. J. Reay, on Wednesday, July 14. Everybody will be welcome. Come along and have a good time.

The contract for the erection of the addition to the fire hall for town offices and police station was let to McKee & Cruickshank last Friday night by the Council for \$2569, a lower price than was estimated for the work.

Mrs. Annie E. Ellis died June 27th at the residence of her father, F. W. Donison, near Edwell, and was buried in Pine Lake cemetery yesterday afternoon. Rev. C. W. Greaves conducting the services. H. G. Stone had charge of the funeral.

Owing to a temporary re-arrangement of the Ridgewood Mission Field there will be no services for the present at Shady Nook school house. Friends are asked either to worship at Red Deer or with the Ridgewood congregation.

Hospital donations this week are: English Church, flowers; Mrs. J. F. Gatz, rhubarb; Hospital Ladies' Aid, half dozen roller towels; Mrs. Raney and Miss Cottingham, rhubarb; Alexandra Club, surgical supplies \$54; Presbyterian church, flowers; Mrs. J. A. Carswell lettuce and rhubarb; Mrs. Hill lettuce; Mrs. Herb Trimble, butter, eggs, rhubarb, onions and radishes.

A special excursion train will leave Red Deer for Calgary Fair on Monday, Wednesday and Thursday of next week, July 5, 7 and 8, leaving the depot at 6.30 a.m. and arriving in Calgary at 10.20 a.m. The train will leave Calgary at 2.30 (half past eleven) and arrive in Red Deer at 3.15 o'clock in the morning. This will enable everybody to visit this great exhibition at a nominal cost as the rate will be single, namely \$2.85 for the round trip.

A lad about nine years old named Carr died at the hospital last week. He was assisting with a hay press when something broke and a heavy brick falling in his forehead frightfully. The little sufferer was brought to the hospital the bone removed and the wound dressed. He was conscious for a time but gradually became delirious and finally passed away, as above stated.

A DeMarchais has received the contract for the work of placing the heating apparatus in the extensive greenhouses of Terrill & Co., Calgary. This company has four of the biggest greenhouses in Western Canada and Mr. DeMarchais had to compete against the leading plumbers and steamfitters of the province and came out ahead. It will take two car loads of pipes and fittings to do the work and the reader may have some idea of the plant when he is informed it takes two fifty horse power boilers to do the heating. We congratulate Mr. DeMarchais on receiving the contract.

Ernie Smith has purchased the delivery from W. Blair, and will take it over the 1st of July.

In last week's article regarding Mr. Sharrman's cattle we stated a Jersey cow produced 51 pounds of butter in a year, when it should have been 451 pounds. We are pleased to make this correction.

In the case of Wilson vs. Fitch, tried at Innisfail a few weeks ago, Judge Noel gave judgment for the defence last week. He decided Fitch had done all in his power to make the fact known that he had stray horses on his premises, and he should be compensated. The decision of the Judge establishes a precedent. J. L. Crawford is to be congratulated on winning his case.

News Cup Presentation.

Friday afternoon the Assembly Room of the school was filled with boys and girls interested in the School Football League cup presentation. Wednesday afternoon the deciding game as to who should win the cup was played between Jim Krause and Charlie Carswell and Charlie's team won by 1-0 after an exciting match and Friday afternoon the cup was presented to the winning team. Rev. C. W. G. Moore, who organized the League and instructed the lads in the art of football and refereed every game, made a short address and J. A. Carswell presented the cup to the winners. Principal McLean also made a brief address. The cup will be held by the winning captain until after holidays when it will be kept in the school room until next year. After the presentation Rev. Moore entertained all the captains of the winning team and donor of cup to strawberries and cream and took a photo of the group.

Look Where You Are Going!

To do so is not always practicable because the person addressed may be looking two ways at once, or apparently doing so. CROSS' EYE or STRABISMUS is very disfiguring and uncomfortable, and in addition it results in the loss of at least one of the eyes. In the great majority of cases it is due to a high degree of hypermetropia, or long sightedness, and the case may be corrected by relieving the refractive error, if taken time to do so in early childhood, however, it is hopeless without a surgical operation. I will be glad to explain this in detail to you if you will call. This space costs money, for the News man says this is not correspondence. I wonder why.
